

COMMUNITY LIVABILITY PLAN for Long Beach I-710 Corridor Neighborhoods

Community Livability Plan concepts

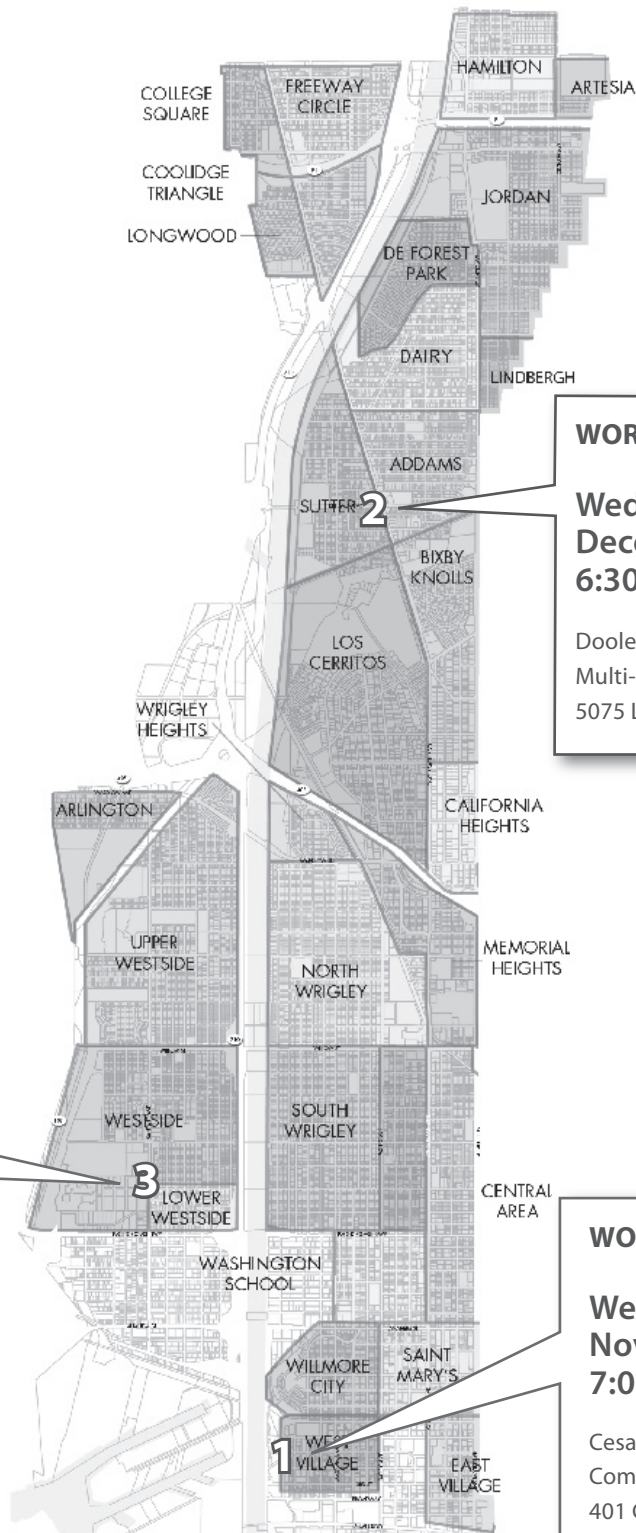

PLEASE COME to a Design Review Workshop for the Community Livability Plan. This is your opportunity to provide input on design concepts for I-710 corridor neighborhoods.

Your comments will be incorporated into the Final Community Livability Plan, which will be completed by January 2008.

Your feedback is important to us!
We hope you will attend one of these workshops.

At each workshop refreshments will be served, Spanish translation services will be available, and activities will be provided for kids.

For more information, please contact the Community Livability Plan Hotline at (562) 570-7100.
